Instructions to Departments for UG Academic Session 2016-17 Even Sem (Planned)

Following instructions are to be mandatorily followed by all the departments for all the semesters;

1. Department should conduct one industrial visit each for each of the semesters in the Even Sem 2016-17. The dates for arranging the industrial visits are already displayed in the academic calendar. The visit should be planned as per the Standard Operating Procedure guidelines of the Industrial Visit.
2. Department should conduct one guest lecture each for each of the semesters in the Even Sem 2016-17 under the forum activity. These Guest Lectures should be arranged as per the subject requirements in the respective semester. One guest lecture should be arranged on general topics like personality development, skill development, and career prospects after Engineering, GATE etc. common for all the semesters.
3. Department has to arrange a National Level workshop on the concerned topic related to the department. The workshop should be of very high standards, renowned persons from the industry as well as academia should be invited for the workshop.
4. All the departments should ensure the supply of printed lab manuals at the beginning of the semester itself.
5. Take a note to ensure the points which has been/will be discussed in the meeting.
