**Title of the Event:** Visit to Raman Science Centre

**Date of Event:** 17<sup>th</sup> February, 2018

**Aim:** Visit to Raman Science, Nagpur for the exhibition on “Raman Festival of Innovation- 15<sup>th</sup> to 17<sup>th</sup> 2018

**Objective:**

- 1 To give the students a platform to build confidence and think to innovate
- 2 To impart students the concept of “Project Based –Learning”
- 3 To show students the result of Team work in making a good Project.

**Description:**

The Students of Electrical Engineering visited the Raman Science, Nagpur for the exhibition on “Raman Festival of Innovation- 15<sup>th</sup> to 17<sup>th</sup> 2018. Students curiously went to every project, learn the concept of the project and asked few questions to projectees present with the project. Amongst 138 projects only 58 projects were selected. The project from department titled “Solar Tree Architecture for Harvesting Solar Power in Less Roof- Space Area” was selected.
